La web de Antonia Ortega

Del software de La Granja he confeccionado unas cartas para repasar las acciones en papel .

Debemos de agrupar las que corresponden al mismo animal y colocarlas con la que indica su día de la semana.

Al poner cada carta en su lugar podemos intentar al principio que se vaya diciendo el nombre del animal con su artículo (S) y la acción que está realizando (V)

La web de Antonia Ortega

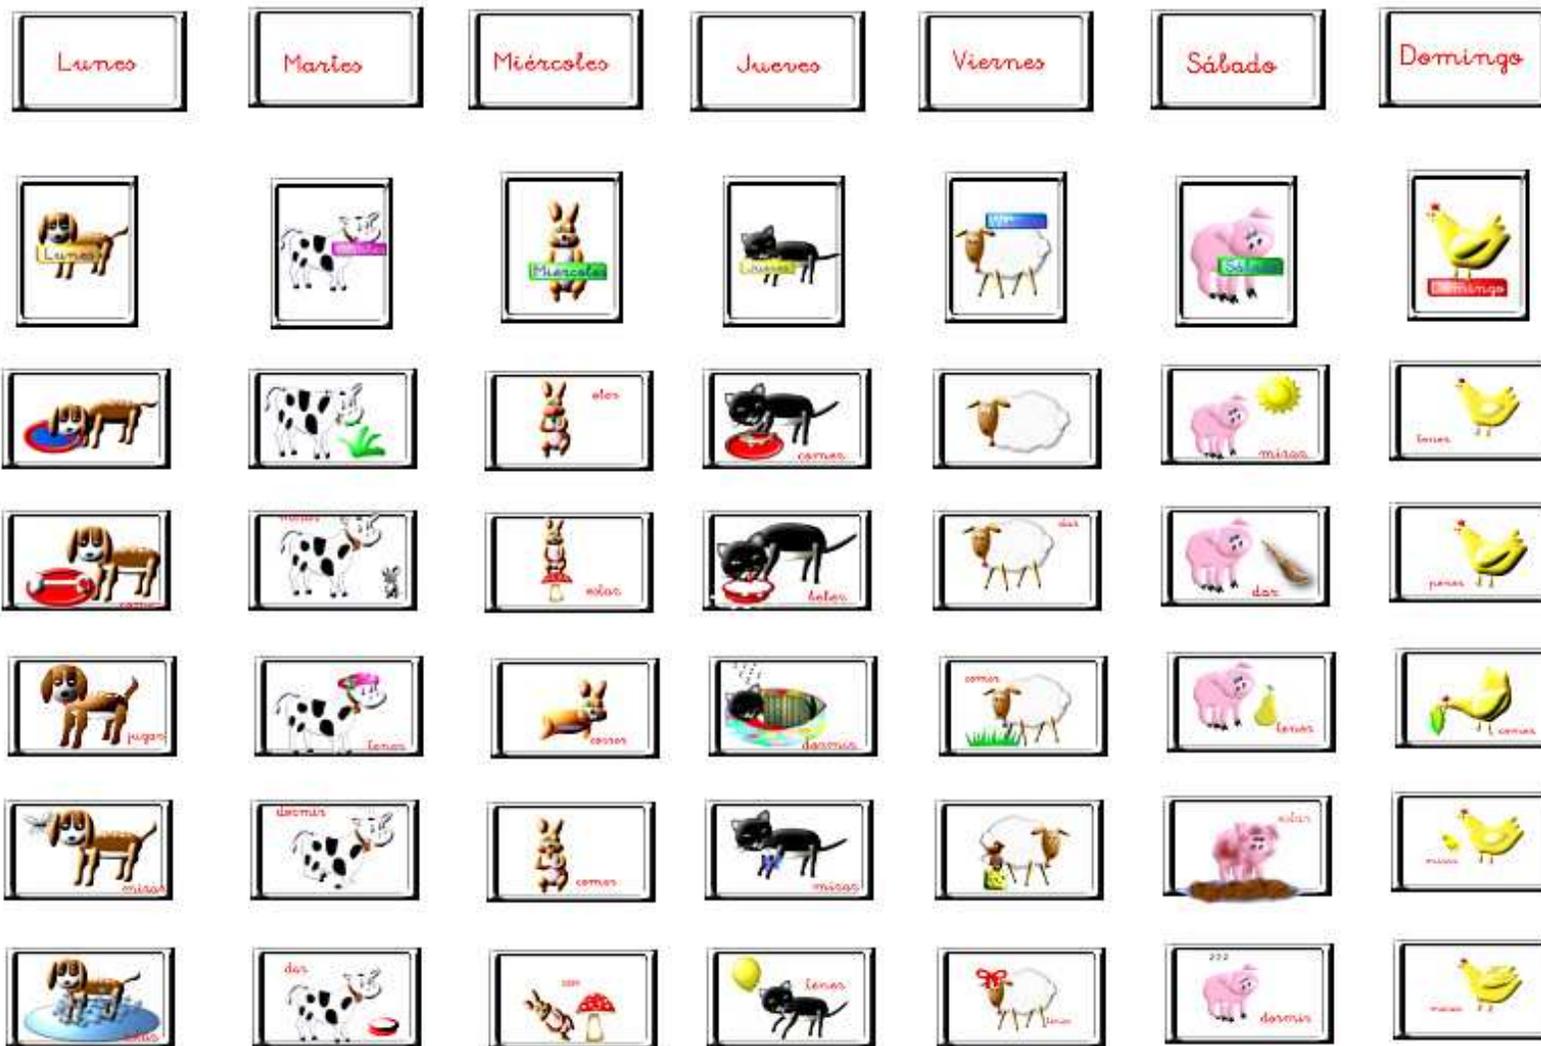

Podemos ordenar las cartas en columnas o en filas, bajo los nombres de los días de la semana, para ello en el documento inserto:

- Cartas con el nombre de los días de la semana.
- Cartas con los animales con su letrero
- 5 Cartas con acciones de los animales o donde se indica una cualidad.
